

Critical Initiative Leadership

Simply keeping your head above water seems to be the norm in many businesses these days. The pace of business and technology-driven change accelerates daily. Leaders within organizations juggle an array of priorities. But, there are business imperatives which must be executed successfully. Leading these corporate initiatives is where Cimphoni excels.

Cimphoni consultants are experienced C-level executives who love to roll up their sleeves and dig into the biggest challenges in your organization. With our extensive experience in program and change management, we drop into projects and hit the ground running. Highly capable of working with executives, Cimphoni experts are able to synthesize top-level objectives, provide a clear implementation road map and lead teams to successful execution.

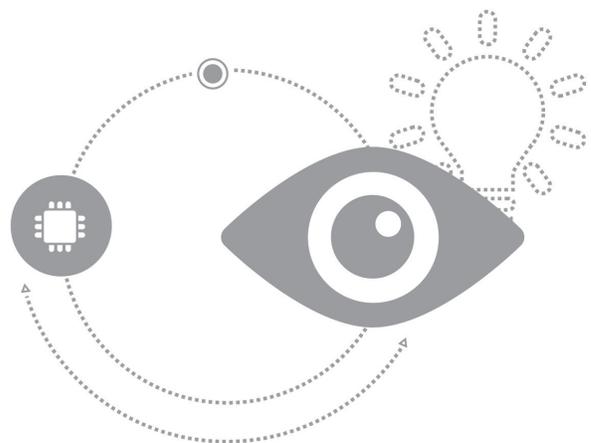

Your organization has critical initiatives that require a highly skilled leadership team to ensure their success. Rather than piling them on your already stretched leaders, it may be time to call in the experts.

Are you ready to partner with a team that knows how to win?

Cimphoni offers its clients the following Critical Initiative Leadership services:

- New Product Development & Launch
- Mergers & Acquisitions - IT Focus
- Supply Chain Management
- Major/Critical Program Leadership
- Project Recovery/Turn-around
- Business Performance Assessments
- Functional & Process Re-engineering & Design
- Vendor Analysis & Selection
- Change Management

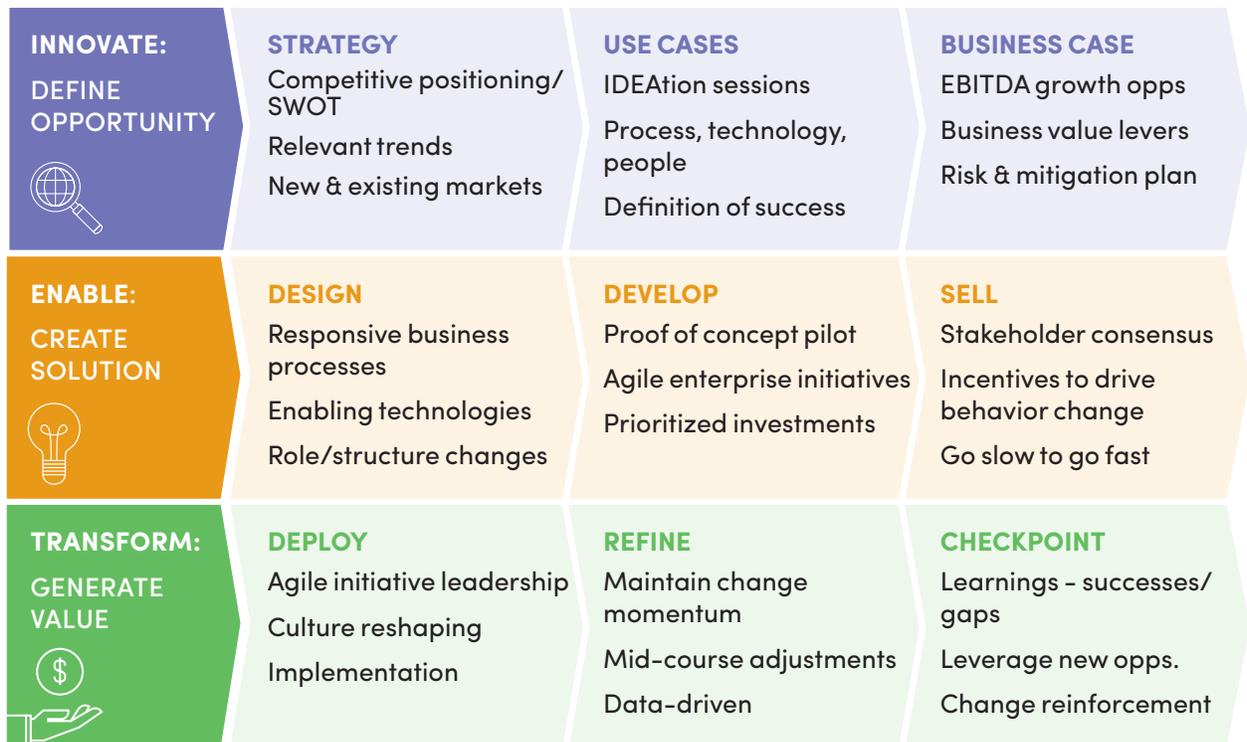

Isn't it time to engage experienced leaders to accelerate your critical initiatives?

Our Critical Initiative Leadership Delivery Model

Cimphoni's delivery model provides a comprehensive approach to strategy development, solution implementation and benefit realization. We work collaboratively with you and your team to dramatically improve business performance.
